

Local Public Transport Programme Committee

Call for Papers

Deadline: 5 February 2010

- Smart cards (or variants) and ticketing strategies
 - An update now that schemes have matured
 - What has been the passenger reaction?
 - Have smart initiatives increased travel?
 - Data analysis?
- Public transport as a means for social inclusion
- Universal design in public transport
 - How is universal design used to make transport systems (vehicles, stops, information, ticket systems etc) accessible to users, regardless of abilities or disabilities?
- Allocation of resources
 - Making decisions when faced with cutbacks
 - How is this issue tackled throughout Europe?

Chair: Stephen Luke, Mott MacDonald, UK

European Transport Conference 2010
